### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 25% of organic carbon processed in SYSTEM powerKliks originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

### Full transparency - complete ingredient declaration

<5% phosphonates, polycarboxylates

Specific ingredients: ecofriendly complexing agents based on amino acid, sodium hydroxide, potassium hydroxide, silicates

### Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# SYSTEM powerKliks

## **green-Effective® Ultra-concentrated alkaline liquid booster**

- Ultra concentrated ■ Highest degreasing power ■ Water softening ability

### Product profile

- SYSTEM powerKliks is an ultra-concentrated alkaline booster with powerful degreasing properties for the removal of persistent stains.
- It can be used at all temperature, even at 20°C.
- It is based on an innovating sequestering system with renewable ingredients, without phosphate, NTA and EDTA.
- SYSTEM powerKliks has to be used through automatic distribution in combination with an ACTIV detergent or SYSTEM product, for example in synergy with ACTIV perfectKliks.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal.

### Area of application

- Suitable for all types laundry except silk and wool.
- Suitable for all types of professional washing machines. Only to be used with automatic dosing equipment.
- Use SYSTEM powerKliks according to the dosage instructions and (depending on the water hardness and degree of soiling of the laundry). The water hardness can be provided by your local water company.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. For further information see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** Only give complete emptied packaging to special waste disposal. Proper dosage saves costs and minimizes environmental impacts. Wash at the lowest possible temperature. Always wash with full load. Pre-sort the laundry (e.g. by colour, degree of soiling, type of fibre).

### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

**Application area:** developed for professional laundries.

Soiling level	Icon 1	Icon 2	Icon 3
Light (1 drop)	3 ml	5 ml	6 ml
Medium (2 drops)	5 ml	6 ml	7,5 ml
Heavy (3 drops)	6 ml	7,5 ml	9 ml
